### About This Game

# BATTLEFIELD BAD COMPANY 2 VIETNAM

Get ready for a whole new war, as DICE's massively popular online shooter Battlefield: Bad Company™ 2 makes the journey back to the 60's and the infamous Vietnam war.

At the heart of this expansion lie four distinct, brand-new multiplayer maps based on the Vietnam War. Each map brings a new gameplay experience and fresh visuals, with characteristics such as foxholes, tunnels and dense jungles from where the enemy can launch surprise attacks. Also, 15 classic Vietnam-era weapons and 6 vehicles are available from the moment you go online.

All four multiplayer game modes from Battlefield: Bad Company 2, including the genre-defining Conquest Mode, will be playable in Battlefield: Bad Company 2 Vietnam. The expansion is integrated with the full game persistence, so no matter what theatre of war you participate in, you will continue to level up your soldier as usual.

This is a pretty sweet add-on for just 15 bucks. It pretty much adds a whole new game to the base bad company 2 game. There are some things some people may not like though: 1. There aren't as many guns per class as there are in bc2 (there are only 3 specific guns per class) 2. The only guns that can use scopes are sniper rifles (which only get the default scope or a 12x) 3. Recon does not get motion mines, instead every recon has mortar strike. 4. All of the guns seem to do A LOT more damage than the bc2 guns, and many sniper rifles can one shot kill with body shots at pretty far ranges, even not on hardcore. 5. Only 4 maps so far (more are coming though). Still it is a pretty sweet and fun add-on but you may want to wait for balance or more content before you pick it up.. This is much better than BF bad company 2 ,thx for this great music,maps and weapons only the choppers are more powerfull in hands of skilled players, sometimes ruins the game ..9,5V10. In a time where every multiplayer aspect is over modernized with red dot sights and throwing knives, this DLC takes it back to the basics with elements of the Vietnam War with trenches, tunnels, rice paddies. The fire fights are closer, vicious and more violent then ever, Black Ops this is not it's better.. SUMFOLKSABAWN, MEHHHHHHHHHD TA WAVEDAFLAG, MM DEY REHWHIENBLOOO

. GREAT expansion and at such a great value too. great 60's tunes rockin' out through vehicles and blasting outside of vehicle speakers... love it. Adds more close quarter jungle combat with choke points, and the beautiful Nam setting, especially maxxed in DX11.. this game is almost as good as Battlefield: Bad Company 2. the only disappointment is that there are fewer weapons and it's quite easy to destroy a chopper using a tank. but it's only 13 euro so who cares. Gooooooooooooooooo morning VIETNAM! 8V10

A great expansion to a great game. It really brings you back and puts you into the time of Vietnam. With the sounds, music, and all around gameplay this is a must have when it comes to Bad Company. It doesn't extend the single player campaign at all but it just adds a new game to multiplayer. The guns sound amazing and as if you were actually shooting them. The graphics are superb and give that old feel to the game. If you love playing BFBC2 then this is a part of the game not to miss. The stats carry over and if you rank up in Vietnam you will rank up in BFBC2. There are no new game modes, just new maps, weapons, armor, and uniform. This is a great expansion and I have loved playing it.. Did the best just get better?

Yes, The best multiplayer game of the year gets better.

The Vietnam atmosphere is complete with music from the 1960s. In short, it's the best \$15 I've ever spent.

This is 'Nam baby. The most realistic Iron Chef game to date. Turn the heat up and cook some asian cuisine!. Digital Vietnam Flashbacks. It's not just any random Vietnam battleground. No, it's groups of people that have been in Vietnam way too damn long to realize what they are doing, shooting at each other with rusty guns held together with bandages and duct tape. Squads are forced to stay close together lest the loners and stragglers are descended upon like starving guard dogs leaping upon a man made out of delicious smoked ham. Rock n' roll blared from radios attached to all vehicles will ensure that, at least once in your life, Creedence Clearwater Revival is the last thing you hear as your body is crushed underneath the tank treads. Every reference to a Vietnam war movie IS IN HERE - AND YES, THIS MEANS YOU TOO CAN BLARE RIDE OF THE VALKYRIES AS YOU GUN DOWN THE VIETNAMESE FROM THE COMFORT OF YOUR HUEY HELICOPTER, MARTIN SHEEN, YOU CAN BE MARTIN SHEEN YOU ARE BEING REFERENCED, IS THAT WHAT YOU WANT?
